

A diagram showing the IBS Group structure. At the center is the text "IBS GROUP". Surrounding it are five service areas: "Reinsurance Services", "Risk Management Services", "Risk Services", "Healthcare Management", and "Technology". These are arranged in a semi-circle around the center, with overlapping curved lines connecting them.

Technology

In 1975, IBS Group was the first licensed insurance broker established in Indonesia. From those early beginnings we have continued to expand and evolve our service capability to become the country's only truly integrated risk services provider.

IBS Group delivers the complete profile of insurance and risk management services needed by major corporations, small and medium-sized enterprises and individual customers through our wholly-owned subsidiary companies:

- **IBS Insurance Broking Service**
Insurance program design, placement and management
- **Risk Management Indonesia**
Risk engineering and management
- **IBS Reinsurance Brokers**
Local, regional and international reinsurance placements and programs
- **Cipta Integra Duta**
Healthcare management and employee benefits
- **IBS Technology**
Insurance and risk management information systems
