

The keystone of IBS Group's service capability is our structured diversity. In order to meet the growing needs of our corporate and private customers, IBS Group has developed an integrated group of operating companies to deliver a complete range of insurance and risk solutions to the highest international standards.

IBS Insurance Broking Service is the largest risk services company in Indonesia, providing competitive and comprehensive insurance programs tailored to protect a client base spread across Indonesia's broad-based economy, and delivered through experienced service teams established in specific industry sectors: Real Estate, Banking and Financial Services, Forestry and Agriculture, Manufacturing, Energy, Marine, Construction, Equipment and Motor.

Risk Management Indonesia was established in 1985 to provide multi-disciplined strategies in the identification, assessment, control, mitigation and transfer of risk. On a daily basis we help business managers develop risk management programs which act as a practical yet fundamental element of their risk protection strategy. Insurance protection is tailored around and above our clients' risk management programs to provide holistic protection of physical, financial, legal and operational risks.
